

Continue Red Cross Drive

Due to the fact that our Armed Forces are now on the offensive on several fronts, the responsibilities and expenditures of the Red Cross are rapidly increasing. Therefore, National Red Cross officials have requested us to continue our campaign for awhile.

Our Red Cross goes with our wherever they go, no matter how far or how little, no one can do your duty for you.

Your church committee or Mrs. I. S. Drinkard at the Farmers National Bank will gratefully receive your gift.

—H. Frederick Jones, chairman, War Fund Committee.

What You Buy With WAR BONDS

Uncle Sam's lighter 37 millimeter anti-tank guns are dubbed "tank killers." They are attached to the infantry, not the field artillery, and cost approximately \$8,500 each. They have proved particularly effective in anti-tank warfare.

They are mobile, mounted on automobile tires and can be rapidly wheeled from place to place. Your purchase of War Bonds will help pay the cost of these field pieces so necessary for our Army in this War. THE OLD JUDGE SAYS...

"I was just tellin' my brother Fred this morning, Judge...there's never been a time in our lives when we got to live up to that old saying 'United we stand, divided we fall' more than we have to today."

"How true that is, Herb. And for the life of me, I can't figure out why, at a time like this, some folks insist on raising a question like prohibition. I can't imagine anything that would tickle our enemies more than to get us folks over here taking sides against each other, arguing about an issue like that. We've got a he-man's job on our hands to win this war and we can't be wasting our minds, our money and our strength fighting about something we tried for nearly 14 years and found couldn't work."

"I say there's a time and a place for everything, and this is no time or place to be doing any thing except the kind that's going to win the war."

The 2nd War Loan Starts April 12

13 billion dollars must be raised!

THE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we must do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough now to win this war!

We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year still won't be enough!

We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

And We've Got to Buy More War Bonds!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and building... We've got to match, as best we can, the sacrifice of those Americans who are tolling and sweating on a dozen battlefronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion extra dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget:

THEY GIVE THEIR LIVES... YOU LEND YOUR MONEY!
